RE: Title Insurance Agents

To Whom It May Concern:

The Kentucky Department of Insurance does not require individuals or business entities to be licensed as title insurance agents. Consequently, if a title insurance agent from another state requests a title agent license from Kentucky, we advise the requestor that Kentucky does not issue licenses to act as a title insurance agent. Instead, the non-resident title insurance agent may act as an agent for the title insurer in Kentucky without the necessity of a title agent license issued by the Kentucky Department of Insurance.

If you need additional information, please feel free to email the Agent Licensing Division directly at: DOI.AgentLicensingMail@ky.gov.

Maggie Woods, Director
Agent Licensing Division
